

AMBER LOVATOS

ELEVATING SMILES, HEALTH, AND LIVES

Amber Lovatos inspires audiences with courageous stories of leadership, compassion, and healing.

Speaking Topics

- Making an Impact Now: Community-Based Dental Care
- Dismaying Disability Misconceptions
- Diabetes Gave My Dad Cancer
- Tech Talk: An Introduction to Teledentistry
- Bridging the Knowledge Gap – Navigating Teledentistry Policy
- Identifying Victimization: The Dental Professional's Role in Abuse and Neglect
- Courageous Conversation: Our Role in Human Trafficking
- Speak Spanish? Cultural Considerations in Dentistry

Influential, Courageous, Latina

Amber Lovatos, RDH, BSDH, has been compassionately blazing trails personally and professionally for more than 10 years. As a clinician, educator, and champion for public health issues, she inspires industry colleagues with unique stories that include triumph over abuse and discovering her identity as “Dentistry’s Latina RDH.”

Celebrated as her family’s first college graduate, Amber holds a bachelor’s degree in dental hygiene from The University of Texas School of Dentistry – where she also now serves as an adjunct professor. Along with teaching, she works as Director of Dental Administration for TOMAGWA Healthcare Ministries, a non-profit medical/dental clinic in Tomball, TX.

Amber is a consultant to several companies, including MouthWatch, Crest Oral-B, and PDT instruments. She is co-founder of Dental Hygiene Spark, a social media platform that informs and inspires colleagues. And she is recipient of numerous awards and academic scholarships.

A powerful speaker and advocate, Amber is one of the American Dental Hygienists’ Association’s powerhouse allies for underserved populations. Her leadership through Texas Dental Hygienists’ Association has included the influence of oral health public policy in her home state and beyond as she motivates and empowers clinicians through presentations of perseverance and resilience.

Amber Lovatos

“Amber Lovatos is a truly inspiring speaker who shares her expertise and passion while delivering leading-edge information with clarity and warmth. Amber’s authenticity and vulnerability draw attendees in, and her engaging style earns rapt attention throughout her presentations. This is the hallmark of an extraordinary lecturer. I’m proud to recommend Amber!” **Kathryn Gilliam, BA, RDH, FAAOSH**

“Amber was engaging, transparent and vulnerable during the presentation. Human trafficking can be challenging to present because it is a very disturbing topic. Amber related the topic in real ways to real people and made it easier to understand and apply in dental situations. Amber’s speaking skills were excellent. She was clear, concise and even through the computer, related very well to her audience. I was very glad that I attended her course and would recommend it for anyone.” **Schelli Stedke, RDH, MPH, RYH**
